1. INTRODUCTION

1.1. Overview

Behan Projects cc was established in 2012 by Johann Venter, who is also a member of the Closed Corporation. With his strong leadership quality and more than 18 years of experience in project management and design, Johann and the Behan`s -Team understand all aspects of the construction process and implementation thereof. His main focus is to build good relationships with his clients and make sure to personally oversee projects from start to finish.

Johann is driven by passion, pride and honesty and is working hard to build a good reputation with his clients. Every potential client, as well as his workforce, are valuable to the company and are handled with respect, as they are our biggest assets.

1.2. Mission

To honestly serve expeditiously and punctually by putting the interest of our clients first. We shall achieve the maximum returns and best success through:

- Providing our clients with superior construction projects on time, within budget whilst maintaining a very high standard of quality.
- Constantly striving to reduce our cost in order to maintain a value for money service.
- Developing our employees' skills and expertise so that they can enjoy fulfilment and rewards.
- Producing such returns on invested capital that will ensure the continued confidence and on-going.
- Developing a relationship with our suppliers which will ensure that we that we, in turn, receive products and services which comply with our requirements.
- Participating actively and responsibly in the communities in which we serve, and striving constantly for harmonious and peaceful society which embraces freedom of association, justice, dignity and equal opportunity for all.
- Protecting the environment and natural resources.

1.3. Vision

Our vision is to become leaders in the industry through innovative practice and personal development of our staff, thus ensuring the continued service excellence that our clients have come to expect and enabling us to broaden our range of products and service offerings, and being constructive partners in our nation's economy.

1.4. Business Drivers

Behan's business strategy is driven by the following objectives

- Be optionally active in business we invest in.
- Foster skills transfer at both management and technical levels.
- Empower communities through educational programmes.
- Value enhancing services.

1.5. Values

Our core VALUE system ID driven by:

- Building long term relationship based on mutual respect, integrity, honesty and fairness.
- Creating value by ensuring that our investments are backed by sound financial principles.
- Be results driven, efficient and professional in our operations and adhere to good corporate governance in all our dealings.
- Commit social responsibility and environmental awareness programmes in communities we operate in.
- Create a safe working environment for our employees.
